PROJECTS

ToDo list web Application

Developed a user-friendly To Do list web application using HTML and JavaScript. Implemented features for task addition, editing, and removal, along with priority assignment. Utilized local storage for data persistence, resulting in improved task management.

Tic tac toe

Implemented game logic to handle player moves, win conditions, and draws, showcasing problem-solving skills and logical thinking.

Portfolio

A portfolio to showcase my hobbies to everyone in an interactive manner. I have showcased my drawings and photography skills using HTML 5, CSS and JavaScript.
